

Unlock New Opportunities

Become a Zeblok Frontier Partner

“Zeblok provides an Ai-Micro Cloud™, easily deployed to any data center or public cloud (AWS, Azure, etc.) to enable you to custom build AI/ML models, using proven, curated algorithms in the \$9 billion AI/ML, IoT, Edge, and high-performance computing market.”

Why Partner with Zeblok?

Zeblok Frontier Partners unlock new high margin revenue streams, increase profits, with more in-depth engagement, and help their customers complete their digital transformation journeys. Enable your customers to:

- Gain new insights from data
- Develop new AI capabilities
- Apply AI to IoT
- Leapfrog to quantum-safe security

Leverage Zeblok's Ai-Micro Cloud™, a robust turnkey AI Platform-as-a-Service, including curated algorithms, accelerated data lake, seamless HPC orchestration and runtime environment, to enable your customers to embrace the emerging technologies of the Fourth Industrial Revolution.

What is Zeblok Computational?

Zeblok's Ai-MicroCloud™ is the simplest way to develop, train and deploy pragmatic AI into mission-critical enterprise business processes. Zeblok deploys its turnkey, cloud native, quantum-safe secured AI PaaS SaaS to your data center, edge networks, and public clouds. Data scientists can start in minutes, with a simple UI, all familiar open-source frameworks, a growing library of proven, curated AI algorithms, seamless HPC orchestration, accelerated data lake and a broad network of AI solutions consulting firms. Zeblok's Ai-Micro Cloud™ sits between your UI and your infrastructure – you maintain complete control.

Benefits for Frontier Partners

- Be at the forefront of cutting-edge technology and establish credibility with customers as trusted advisors
- Empower your customers to unlock growth in their business with innovative and customized AI/ML predictive services
- Accompany your customers every step of the way on their AI journey
- Create unique solutions, integrating your value-added services
- Expand revenues and cross-sell/up-sell with unmatched curated algorithms in Zeblok's Intelligence Marketplace, all in one program
- Own the end-to-end customer lifecycle

Who Are Zeblok Frontier Partners?

- Cloud Service Providers (CSPs)
- Managed Services Providers (MSPs)
- Specialized Hardware Manufacturers

Platform Features Overview

Zeblok Ai-MicroCloud™, including **Turnkey HPC Orchestration** and an **Intelligence Marketplace** for curated algorithms

- **Ai-WorkStation:** Customized and virtualized Jupyter Notebook, with access to all familiar open-source frameworks, accelerated data lake and AI algorithms via a simple web interface
- **Ai-HPC-WorkStation:** Turnkey workload distribution to hundreds of GPUs for AI/ML model development, training and simulations
- **Accelerated Data Lake:** Enables a 10-15x reduction in search time
- **Intelligence Marketplace:** Growing library of carefully curated original AI algorithms, including exclusively in-licensed patent-pending software
- **Cloud Native:** Scalable architecture running in modern, dynamic environments using containers and declarative APIs
- **Ai-Rover™:** Analytics and data visualization notebook – domain-agnostic data discovery tool for large, multi-variate, high dimensional data analysis, using explainable AI algorithm, exclusive to Zeblok
Provides crucial data comprehension step as starting point for AI model development – patterns, correlations and causation
- **Quantum-Safe Entropy-as-a-Service:** Truly random numbers, generated by single photon detection (SPD) technology, delivered via container for integration within existing encryption key management
- **Runtime Environment:** Finished model pipeline is easily promoted to a runtime API, including inferences running at the Edge
- **Multi-Cloud from Core to Edge:** Deploy Ai-MicroCloud™ anywhere, including enterprise data centers, public clouds and Edge locations

Easy to read, easy to use and easy to share

We fast-track adoption of the best AI algorithms from academia and AI startups

Partner Engagement Support

- Go-to-Market Strategy
- Marketing Tools: Partner logo, solution briefs, presentation templates
- Sales Tools: Trials, joint webinars/events, prospecting guides
- Training & Support: Training webinars, documentation, ticketing system
